April 2020

Dear Parishioners,

Christ Is Risen!

We, your priests, would like to wish all of you our sincere greetings for peace, health and happiness during this Easter season!

Maybe, you do remember when I said one word can change the world but right now one virus has changed the whole world.

It's unbelievable, that in this short time, the world has changed. As we wait for the cure, we have a lot of time to reflect on oneself and organize and plan our future and possibly make some changes.

We are blessed that all of you remember us, pray for us, call us, worry about us and bring us food. We feel good and hope that you feel the same!

Maybe, you are missing and are in need of God's blessings. So during the daily celebration of the Divine Liturgy in private, we are praying for you. Though the church is closed, our hearts are open! We pray and hope that everything will return to normal, as before.
